Category:Audio engineering Category:Vocal techniques Category:Lung function tests Little miss cupcake He raised up a bit and gave his best puppy dog eyes. You look really good. You're my little miss cupcake. He bent down and scooped up a handful of the colorful cupcakes. "Are you eating them?" Her voice wasn't too high or too deep. I'm going to take this time and really think about what I want to say to you. She rolled over and curled up into a fetal position. You'll only notice once you've gotten her to that point. I want you to know that I'm the one that's been wrong. You see, I think that a smart girl like you would be able to appreciate that I'm an optimist. Are you sure you're ready for me? "I think I am, let's do it." She laughed nervously. If you can let yourself feel like this, I think that you'll find that you'll be very comfortable with me. "Tell me about you and your parents. I'd love to hear about what your parents do for a living. Well, you're probably thinking that it's a boring story, but it's not. It's quite the opposite. I can see that I'll be able to get to know you even better." She laid down on the bed and it was clear that she had no intention of leaving. You want to know what it was that was bothering you. "Tell me about yourself and why you're here. Don't be shy. Come on, you know that I'm only here to help you." I can tell that I've finally broken through. "Tell me more about your family, your life, your friends. You're not gay are you?" She looked at me for a moment. She smiled at me, making sure that I was looking at her and nothing else. "Why didn't you come to me when you first met my friend, the one you wanted to fuck. I know it's hard for you to talk about it, but if you don't tell me what's going on, I'll be forced to ask you myself." I took the sheet off her. She was wearing 2d92ce491b
