I want to place another view that overlays the UILabel. When I run my app I see the view I want, but when I click on the cell (in the main view controller) I can see the label overlaying the view, but it doesn't respond to the tap. This is how I add the overlay view: let over = OverlayView() over.frame = CGRect(x: 0, y: 0, width: view.frame.width, height: view.frame.height) over.view.alpha = 0.5 view.addSubview(over.view) overlay.frame.center = CGPoint(x: self.view.frame.width / 2, y: self.view.frame.height / 2) overlay.backgroundColor =

Vadisha Devaminda Wikramanayaka is a very creative and sensitive young music student at her school. A special love letter that he accidentally finds. In the life of every person there are always things that cannot be seen. In the life of every person there are things that cannot be heard. And in the life of every person there are things that cannot be eaten. At first glance it seems that this film is more about fffad4f19a
