
Delphi 6 Free Download Full Version !!INSTALL!!

Delphi 6 is the most popular version of Delphi prior to .net. It was announced on May 8, 2001. It was available in three editions: Delphi 6 Enterprise Delphi 6. Net Delphi 6 Professional Delphi 6 Studio Delphi 6 Standard Edition. Delphi 6 Professional Edition (Delphi 6 Pro) is the latest version released in 2001. This edition only supported C/C++, but it also supported Delphi 5. Delphi 6 Enterprise Edition (Delphi 6 En) is the latest version released in 2001. It was available only in 32 and 64-bit versions (32 and 64-bit versions differ, for example, in a subprocessor). This version supports C/C++ and Delphi 5.
