Nudism History It goes back to at least the time of the Roman Empire. It was even more popular during the Renaissance and the Enlightenment. The Victorians, however, had a more negative view of nudity, even though nudity was common at the time. With the invention of photography, nudists got a real bad rap. Nudists were seen as degenerates and perverts. Some of the best early American nudists are recorded in the text of Henry David Thoreau. Thoreau wrote "Wild Oats or Nudism" in 1863. This text describes Thoreau's experience at the Walden Pond Summer. In this text he writes, "Although the weather was very severe, I could not prevail with myself to wear clothes. I stripped to my shirt when the mid-day sun was strongest. I never chanced to take off my coat. I thought that the hardships which I had endured, and would endure, were more than clothes were able to keep off. At night I slept nude, wrapped only in a blanket. I think that in this way, by staying in the open air, I daily renewed my strength, and kept my body in good order." Another American nudist was Charles Loring Brace who was a librarian. In 1858, he founded the "Union Guard," a nudist colony in New Jersey. In the
